

Dear parent/guardian,

Sandringham College is looking forward to another great year of teaching and learning and would like to advise you of Sandringham College's voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Within our school your support has allowed us to provide an outstanding teaching and learning program. We believe in academic excellence and developing young people of character, and our programs focus on providing opportunities for all students to be exceptional. Money contributed by parents provides the following to all students:

- Opportunities for students to participate in rich practical activities across all subjects whether they be in the Arts, Performing Arts, Technology, Physical Education or VCAL
- Provision of quality ICT resources that support excellence in teaching and learning and ensure that students are learning within a 21st century framework
- Ability to target student learning to point of need whether this be through extension or additional classroom support
- A Life-skills program and additional wellbeing staff across our school to ensure that every child is supported with positive mental health, study, and social skills education

Finally, thank you for your ongoing generosity in supporting the College to maintain our aging and much-loved facilities. Projects completed in the last five years using parent contributions, and with no financial input from the Department of Education, have included:

- The 2018 Bluff Road Campus Library Upgrade
- Purchasing of new furniture and shelving for both libraries
- General garden and ground upgrades at both campuses
- Purchasing of new furniture for classrooms, wellbeing spaces and offices at both campuses
- Painting, carpeting and general small classroom upgrades at both campuses

Thanks to the generous support of parents and the community we have managed to raise 75% of the finances required to install air-conditioning in our School Theatre where internal temperatures reach up to 40 degrees centigrade in summer. The theatre is used for teaching, assemblies, student briefings, parent information evenings, incursions and performances and is accessed by all students across their time at the College. With the support of our school and broader community we look forward to completing the installation of the air-conditioning in 2025.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

David Hall - Acting College Principal

Andrew Barlow - School Council President
